HUMAN nature is pretty much the same, whether North or South of the Ohio river. The lynching at Terre Haute, Ind., of the Negro fiend who ravished and murdered a young lady schoolteacher proves that the people of that state are as easily frenzied, when occasion demands, as are those of Kentucky or any other Southern state. One feature of the Indiana "mob," however, was that the ghastly work was done in the open day, at 12:30 noon.

The wall of the "Anti-Imperialist" is for self-government by the Philippines, and their worthiness for this task is fully established by a letter from General MacARTHUR to the War Department, in which he announces the sentence of Captain NOXIO of the Filipino insurgents to life imprisonment. He was found guilty of having buried alive a sailor named McDONALD, a member of Lieutenant GILMORE's party. After describing the inhumanity of the burial, General MacArthur says of McDONALD's treatment:

"The dying man asked for water, and was able to drink when it was given to him. Shortly afterward he was placed in the grave beside his three comrades, and the native who was standing in the hole began covering him slowly from the feet, so as to give him time to die. In this way the body was covered to the neck, and when the gravedigger called out, 'What about this man?' He is alive yet," the accused replied: "Go on burying him," and it was done."

Congressman Allen has endorsed Henry T. Pugh of Bath county, now in the Philippines, for Lieutenant Colonel, and Sergeant Steele of Ashland for First Lieutenant. He got a promise from Secretary of War Root to appoint commission to look into the proposed building of a bridge across the Ohio at Ashland.

Aaron Kavin, aged 20, died Monday at his home at Bratton, Robertson county. Mr. Kavin took to his bed one day and died the next. Some members of the family had the measles, and no alarm was felt, as it was supposed he had contracted the disease also. Mr. Kavin was a member of one of the best families in Robertson.

Tobacco men will urge Governor Beckham to recommend to the Legislature the passage of a law prohibiting the use of Paris green on growing crops of that weed, and a dozen members have signified their intention of introducing bills prohibiting the use of this and other poisons. The use of Paris green for the destruction of tobacco worms became nearly universal last year. The State Board of Health may also be asked to take a hand in the fight against it.

## EXPOSITION BOOKLET.

Another Beautiful Production From the Pan-American at Buffalo.

Here comes another of the beautiful booklets from the Bureau of Publicity of the Pan-American Exposition, Buffalo, N. Y. It consists of sixteen pages and covers in light green. The unique feature of it is the miniature reproduction of the famous poster, "The Spirit of Niagara," which has had a most remarkable demand. The envelope, in which the poster booklet is mailed also bears a reproduction of this artistic work. The booklet is a popular picture book, the first page showing a view of the magnificent Electric Tower, which is 381 feet high, and which will form the glorious centerpiece of the great Exposition. On the same page is a miniature of one of the torch bearers which will adorn the wings of the Electric Tower, and beside it a picture of Niagara Falls. The second page displays a picture of the Machinery Building and five other small illustrations of the uses of electricity. The third page shows the splendid group of buildings erected by the National Government, and which will contain the Government exhibits, also five miniature illustrations, one of them showing the life-saving station, another showing a bird's-eye view of the Exposition, and gives one some idea of the great extent of the enterprise upon which about \$100,000 is being expended. The grounds contain 320 acres, being half a mile wide, and a mile and a quarter long. Other pages show horticulture, graphic arts and mines, manufactures and liberal arts, the Music Temple, the Plaza and its beautiful surroundings, the Stadium or athletic field, the agricultural, live stock and ethnology features, and a few of the thirty or forty ingenious and novel exhibits which promise to make the Midway the most wonderful that has ever been prepared for Exposition visitors. The last page shows a ground plan of the Exposition, wherein the location of different buildings is indicated. The railroads will make rates from all parts of the country during the Exposition, which opens May 1st and continues six months, and the people of Buffalo are prepared to entertain comfortably the millions who will attend. Anyone desiring a copy of this booklet may have it free by addressing the Pan-American Bureau of Publicity.

ALVEY PARDONED.

Freedom Was Granted to the Convicted Gambler by Gov. Beckham.

Frankfort, Ky., Feb. 28.—Gov. Beckham, Wednesday pardoned Al Alvey, the king of Louisville gamblers, convicted Tuesday and sentenced to the penitentiary for two years. He is pardoned of three other indictments pending against him, charging him with running a gambling house.

Frank Powell, convicted two weeks ago, and also sentenced for two years, is not pardoned. Alvey's friends charge that Powell has a deal with the prosecution to secure a new trial, and that he has been secured by Alvey. The cases are the outgrowth of the war on gambling in Louisville.

Gov. Beckham, in a statement of reason for the pardon of Alvey and Miles, says he is convinced that they were prosecuted and convicted by persons also engaged in gambling, and that he has been secured by Alvey on the gambling business in Louisville.

The Leader of the Gang Was Overpowered and Handcuffed After Two Deputies Had Been Injured in the Fight.

Riley, Kan., Feb. 28.—Early Wednesday morning a gang of supposed bank robbers walked into a carefully laid trap here and the leader, Frank Wharton, alleged to be an expert safe blower, was captured after a desperate fight in the dark. The vault containing \$100,000 was untouched. Some time ago Wharton came to this vicinity and it is alleged planned with some local characters to rob the Riley bank. One of the men named Johnson, became frightened and notified the officers. Sheriff D. D. Finney induced the fellow to go ahead with him, but the mangramme and Tuesday Johnson notified the sheriff that the raid would take place Wednesday morning.

**Complete Burglar's Outfit.**  
Finney took two deputies, D. M. Person and Harry Pugh, and the three secreted themselves in the bank building, leaving the light burning. At 1:30 o'clock Wharton and his companions appeared, accompanied by Johnson. Guards were placed and the leader, with a short bar, tore the door directly off the hinges and had selected Johnson as his assistant. Drills, dynamite fuses and a full outfit were carried in and arrangements made to crack the safe.

The sheriff thought it time to interfere, and demanded surrender, but Wharton was not to be taken. His first move was to smash the light and in the darkness the four men fought.

**Two Officers Killed.**  
The robber used his bar and felled the two deputies before they could get hold of him. The officers could not shoot because of the danger of hitting each other. Johnson finally succeeded in getting a light and Wharton was overpowered and handcuffed. He was taken to Manhattan and placed in jail. His companions fled at the first sign of danger, and have not been captured. The country is being closely guarded, and it is not likely that they will be able to get away.

The deputies were badly injured by the men in the fight, but will recover.

# Arbuckles' Roasted Coffee

Makes more cups of better coffee to the pound than any of its imitations

Is prepared by an individual firm who made their reputation many years ago; who intend to maintain it as long as the people appreciate good, pure coffee, at an honest coffee price. If others imitate Arbuckles' coffee, that's their business; if you prefer an imitation coffee, that's your business. But you'll find that it's economy to pay a cent a pound more for Arbuckles' Ask the grocer for Arbuckles' Roasted Coffee, the original package coffee, and refuse imitations under any other name.

With each package of Arbuckles' Coffee you buy a definite part of some useful article (see list which each package contains). The article is yours whenever you receive a number of signatures from the wrappers at our Notion Dept. Look for the list.

ARBUCKLE BROS., Notion Dept.  
New York, N. Y.

Americans pay \$60,000 a year for prayerbooks, \$500,000 for hymnbooks, \$2,000,000 for bibles, \$7,200,000 for Sunday-school literature, \$11,750,000 for religious periodicals, \$25,000,000 for missions, \$287,000,000 for home church expenses.

The telephone service of the Kingdom of Norway is now in the hands of the government, which has purchased, at a great expense, the private telephones in the country, and telephone communication has been established between Bergen and Christians.

Arbuckle Brothers of New York have petitioned the United States Court at Cincinnati for an injunction to restrain State Food Commissioner Blackburn in the course he has announced for the enforcement of the statute which prohibits the adulterating of coffee by coating, polishing or powdering coffee grains so as to give them the appearance of better grade. The Arbuckles state that the coating used on their coffee which comes under the law is a mixture of eggs and other ingredients intended to preserve the flavor and aroma of the berry, and is not an adulterant in any way.
